

## Indiabulls Placement Questions

1. What is full form of nifty?
2. Different ways to host WCF service?
3. What is difference between MS and Tor steel? Please elaborate or state its characteristics?
4. What is air fuel ratio in gas turbine?
5. Why are you joining this company?
6. What is GP?
7. What is specific heat of steam water?
8. What is EPS?
9. What happens when dryness fraction at turbine increases?
10. Explain the concepts of Mergers, Acquisition and Amalgamation?
11. What is the meaning of LIQUIDITY?
12. What is density of sea water in normal range?
13. What is portfolio?
14. What is expression for specific speed of pump?
15. What is the Risk of investment?
16. What is the unit of moment of inertia?

17. Why are you interested in the field of Human Rights?

18. What is yield stress of steel in kgf/cm<sup>2</sup>?

19. How do you define research? And explain how research helps for better decision making in a FMCG company.

20. How would you describe yourself?

21. What is expression for specific speed of pump?

22. What is meant by debenture?

23. What is unit of thermal conductivity?

24. Why high capacity pumps are in vertical position than in horizontal position?

25. For what purpose stellite is used in metallurgy?

26. What is the unit of dynamic viscosity?

27. What is density of sea water in normal range?

28. What are critical parameters of water in boiler of thermal power plant?
