**Non-EEA students (non-European Economic Area students)
Explanation of the costs**

a) Tuition fees for non-EEA students	<p>Tuition fees for 2013-2014 have been set at € 8,905 for all non-EEA (European Economic Area*) students.</p> <p>Due to Dutch governmental policies, Hotelschool The Hague (and all other professional universities) are not funded by the Dutch government for the education of non-EEA students. Non-EEA students therefore pay higher tuition fees than EEA students</p>
b) Skotel, training and study hotel	<p>The Skotel and catering practicals form an integral part of the curriculum. It is compulsory for students to stay at the Skotel (the training and study hotel) during the first year; either in Amsterdam or The Hague. The fee includes breakfast and one meal a day at school during 40 school weeks as well as access to the Internet during 45 weeks. After the first year students are required to make their own accommodation arrangements. These fees also include a deposit of € 250. This deposit is reserved for repairs of damage to Skotel property caused by students. This deposit is refunded after compensation of outstanding balances or damages upon departure from the Skotel.</p>
e) and f) Visa procedure	<p>Visa procedure Hotelschool The Hague</p> <ul style="list-style-type: none"> - Non-EEA students accepted for Hotelschool The Hague, academic year 2013-2014, are obliged to pay forthwith the total amount of € 18,865** to Hotelschool The Hague. After this amount has been received, Hotelschool The Hague will start the visa procedure immediately and inform the Immigration Department (IND) of the Ministry of Interior and Kingdom Relations. Hotelschool The Hague has made special arrangements with the IND to apply for a visa for non-EEA students via a shortened procedure. That means that you are not allowed to apply for a visa yourself. - When starting in August 2013 you need to have a residence permit for 12 months from 1 September 2013– 31 Augustus 2014, which is the official start and end of academic year 2013-2014. Arrangements will be made so that you can enter the Netherlands shortly before the first day of the introduction of Hotelschool The Hague. You will receive your residence permit after you have arrived in The Netherlands. - Five months before the new academic year starts on 1 September 2014 the Admissions Office / Visa Department will renew your visa with your cooperation for the year 2014-2015 (September 2014 until August 2015). Computer/laptop	<p>Although the school provides excellent computer facilities, we do advise students to purchase a laptop. Each student can log on to the school computer network by using their personal username & password as assigned by the IT Department.</p> <p>Throughout the school and at the Skotel rooms there are also wireless access points where you can connect to the Internet via your own laptop, mobile phone etc. using the 'HDH-HotSpot'. Please make sure you have a suitable portable device and either using a normal network cable (utp patch cable) or WiFi.</p>

Other lesson materials consist mainly of a course guide that contains important information for each course, such as the number of EC's it provides, who the lecturers are, etc. Workbooks and manuals provide additional reading material to supplement the books. These course materials are available free of charge after your start on the school's intranet: www.myhotelschool.nl</p>
