

Develop Clarity, Plan Your Career & Build Confidence

Career coaching for students is a career exploration and planning program wherein students explore career options, find answers to the issues they are grappling with and plan their career.

Are you confused or anxious about your future?

Are you clear about your vision, aspirations and goals?

Do you know what you are good at and what type of career is suitable for you?

You may be struggling with the above questions and a whole lot of similar issues. Our career coaching program helps you to find answers to the questions you have in mind regarding your career and future. During the program, you will explore along with the coach:

- ✚ Who you are and what are your aspirations
- ✚ What is your vision, what are your dreams and goals
- ✚ What are your strengths and unique talent
- ✚ What are some of the high potential career options that leverage personal strengths and talents
- ✚ Establishing tangible, meaningful personal goals
- ✚ Obtaining summer internship that aligns with your career interest
- ✚ Leveraging a network of people already known to you
- ✚ Choosing an appropriate educational strategy
- ✚ Differentiating yourself from the crowd
- ✚ Building a foundation for future success and satisfaction
- ✚ Envisioning a future that is economically self-sufficient
- ✚ Articulating a plan that will help you achieve your goals and dreams

Program Contents

Our career coaching program comprises of a set of 6 coaching sessions spread over a period of 2-6 months covering the following:
